

MacCarthy GM's Winter Tire Event

Call (250) 635-4946 to schedule you winter tire installation now!

P215/60R16 \$127.77
P225/60R16 \$134.29
P225/60R17 \$155.91

DEAN Wintercat XT

P215/70R16 \$125.19
P245/65R17 \$201.44
P265/75R15 \$137.71

DEAN Wintercat SST

LT245/70R17 \$226.47
LT245/75R16 \$193.47
LT265/70R17 \$232.17
LT265/75R16 \$203.71

DEAN Wintercat SST

STUDDABLE \$20.00 per tire

WINTERCAT XT & WINTERCAT SST

HIGH TRACTION TREAD DESIGN

The intricate tread pattern balances winter traction and a smooth, quiet ride. The deep lateral and notched circumferential grooves provide excellent evacuation of water and slush from the tread contact patch.

PATENTED SNOW GROOVE DESIGN TECHNOLOGY

Provides biting edges for excellent snow and ice traction without reducing element stiffness. The snow groove enhances the retention of snow in the outer circumferential grooves to capitalize on the higher traction characteristics of snow on snow versus snow on rubber.

ENHANCED STUDDED PERFORMANCE

A new stud pin hole design improves stud retention and the number has been increased allowing for the use of a greater number of studs for better traction on ice. The stud size is conveniently molded into the sidewall for easy reference.

D SQUARED SIPE TECHNOLOGY (DENSITY X DEPTH)

Incorporates a dense zig-zag sipe pattern that further enhances winter performance while maintaining excellent wet traction. Variable side depth maintains element stability while optimizing winter performance
